Runaway Bunnies	Young 3s	TBD	July 5	July 27	9:00 - 11:45am	TH/F	\$250	1

### Runaway Bunnies!

We will put on our soft fuzzy bunny tails and ears each day as we hop through the stories of Margaret Wise Brown's, "Runaway Bunny" and "Goodnight Moon" and pepper our adventures with a bit of Beatrix Potter's, "Peter Rabbit's Tales." The Lucy School "silo" will be our burrow and we will crawl through the "secret tunnel" each morning as we begin our playful adventures. On our outdoor escapades we'll pick lettuce and carrots from our real garden to nibble and look for signs of real bunnies. Please join us on the last Friday of this four-week session as we celebrate our "return home" with a bunny hop song and dance party.

### Frogs, Logs and Bogs!

Campers will explore the woods, fields, hills, pond, waterfall, wetlands and organic garden of Lucy School's 17-acre campus. Unhurried by the pressures of time, children will be guided in nature-play and exploration, discovering an exciting world hidden under fallen logs and along our lush woodland trails. Activities will include forest games, map making, sensory explorations and nature-based art. We will dramatize an imaginary journey to help a family of frogs relocate from their polluted city puddle.

### Moving Through Math

Come clap, drum, shake, dance and slide your way into a fun and active mathematical experience! Join Brittney Delauter in this two-week math camp for students entering kindergarten through third grade. Children will spend time dancing with Mr. Line and Ms. Curvy, flipping Brother Triangle on his pointy head, and solidifying early mathematical concepts through a hands-on approach. Plenty of free play indoors and out will be integrated into our day. At the end of this camp, parents are invited to join us for a mathematical celebration!

### Musical Theatre

Lucy School's two-week musical theatre intensive gives students the opportunity to mimic a professional theatre structure and prepare a musical in a condensed, intense rehearsal process. Students will create, stage, and rehearse the piece to be performed on the last day of camp. Students in this program should expect to be challenged during these two weeks, but will grow tremendously as artists, critical thinkers, actors, and collaborators.

## Session Two: Slithering Sleuth Series!

PreK - 4<sup>th</sup> Grade; July 9 - July 20

Class Title	Ages	Teacher	Start	End	Class Time	Days	Fee	No.
<b>Slithering Sleuth - 1</b>	PK-1st	TBD	July 9	July 18	9:00 - 3:00 pm	M-W	\$290	5
<b>Slithering Sleuth - 2</b>	2 <sup>nd</sup> -4 <sup>th</sup>	TBD	July 9	July 20	9:00 - 3:00 pm	M-F	\$445	6

### Slithering Sleuth Series!

Children will enter an intensive “training camp” for detectives, learning a few forensic tricks from real life detective and teacher, Julie Zachariadis, then quickly be called into duty! The Fours and Fives classes will be asked to solve The Case of the Missing Tooth, while Sixes and Sevens are assigned the Case of the Missing Snake (let’s hope their clues don’t get mixed up)! They’ll sleuth their way through a series of amusing and entertaining predicaments with clues and characters based loosely on Ethan Clifford’s picture book series about Flatfoot Fox. During our second week, children will create their own mysteries to solve. The characters and predicaments we encounter along the way will be as limitless as our imaginations! At the end of this session, parents, in the role of news reporters, will be invited to interview our heroic gumshoes.

## Session Three: Voyage Under the Sea

PreK - 4<sup>th</sup> Grade; July 23 - August 3

Class Title	Ages	Teacher	Start	End	Class Time	Days	Fee	No.
<b>Voyage Under the Sea - 1</b>	PK-K	TBD	July 23	August 3	9:00 - 3:00 pm	M-W	\$290	7
<b>Voyage Under the Sea - 2</b>	1 <sup>st</sup> -4 <sup>th</sup>	TBD	July 23	August 3	9:00 - 3:00 pm	M-F	\$445	8

### Voyage Under the Sea

Poseidon is calling us! He knows what good problem solvers we are, and he needs our help. We’ll turn our large barn space into an underwater world (creating a plethora of sea life and plants to hang from netting), build a gigantic submarine for exploration, and fashion our own scuba diving costumes and gear. Art mediums that we’ll employ include painting, collage, and printmaking. The characters and predicaments we encounter along the way are as limitless as our imaginations!

## Session Four: Dog Days of Summer Fun

PreK - 4<sup>th</sup> Grade; August 6 - August 10
